

WOMEN URGED FOR 'STAR BRIGHT' WORK ON JURIES BY WOMAN JUROR

Ends of Justice Are Served
by Female Wisdom, She
Declares

LONDON, Feb. 14.—An English jury which set free the woman returned verdict of guilty to Russia's actress against George Arthur Baile, charged with poisoning his wife, Little Marion.

One of the jurywomen, Miss Jane who managed a farm with her sister and brother, has written her impressions and emotions during the trial.

Ms. MARY P. LAMAR
LONDON, Feb. 14.—After serving on this murder trial at Aylesbury my experience leads me to the belief that women should be set free on trial no matter how grave the offense of the law calls upon them to do so.

I am naturally glad that I should be one of the first English women to share the privilege of serving on a jury and exercise my capabilities in endeavoring to serve in English justice, just as I did in the U.S. when I was doing my duty in the nation.

I say this, although I have not taken part officially in any female movement nor have I been active in any suffrage cause.

I took my stand in the jury box because I was called upon to do so and felt it my duty and privilege to respond.

For so many thousands of women to have read the impressions let me say, once that I have never been in a police court before but having experienced five days of the ordeal of this trial, I could go through it again and unless they were very nervous there is no reason why women should not be called upon to take part in trials.

None of us were very angry but there is one think I feel bound to air a grievance about and that is that the seats were not comfortable. Hour after hour we sat and the longer we listened the harder seemed the seats.

Although we were looked up from the outside world there is a distinct

U. C. FAN PLANS AHEAD TO SEE ATHLETIC MEET

ALAMEDA, Feb. 15.—A series of revival meetings are being held at the First Baptist church under the direction of Rev. J. A. Brown. Rev. Brown is preaching every night in an over-crowded house. Tonight his subject will be "The Power of Nature of Prayer." A musical program is presented at each of the meetings under the direction of Rev. A. M. Nichols and Mrs. E. S. Nichols. The meetings will be held throughout the week and will open at 8 o'clock. A cordial invitation is extended to everyone.

AGED MAY DIES

ALAMEDA, Feb. 15.—D. J. Shanahan, an aged man living at 1141 Euclid street, died in the Alameda mortuaries this morning. Shanahan was stricken at his home late last night.

ELECTRIC IRON WARMED BED, TOO MUCH SO

BLURKLEY, Feb. 15.—It was a cold night so Mrs. P. Stittman, 1430 Euclid avenue, discovered last evening.

And she proceeded in accordance with the temperature. She turned on the power on an electric iron and put it in her bed room. She was thinking that there she would find warmth. She found more than she had bargained for. The entire bed was in flames. The fire department confined the damage to the mattress on the bed the loss being placed at \$5.

Dramatic Situations Abound
in Play Which Is Not Pleas-
ing But Inspirational

In the face of the loss of his farm
is daughter's ruin and his son's dis-
like the faith of John Ferguson
of Ulster, the story of a simple and
spare life, one in the ignorance
to understand the ways of
Irishmen and a recital of suc-
cession of relentless blows aimed at
the faith is John Ferguson at
Ye Liberty this week.

Surely there is nothing new in the
fact that some men have faith
and others do not. Sir John
Ferguson is to question the
attitude of his hero. Yet when Han-
nah the daughter escaped from the
Ulster stumps into the house with
her story, an hysterical scene which
John Ferguson does, very well
is no one on the stage and few
is there who would accept
the father's philosophy and who
out of love for the enemy.

THE TROJAN HORSE Caesar the
warrior goes forth to kill
Mark and that John Ferguson
and old friends with his son to
follow that murder might be pre-
vented. When prison hanging is
the prospect for this son and when
the cup of sorrow is most full there
comes from America a letter
which, it seems, weak and
small, has made unbearable all of
the drama of the story. There
may be some reason in it, the old
men repeat while to the others it is
the ring of a triumph in needless
affliction.

IT IS BECAUSE this tragic picture of
life in Irish life has place for four
or five characters of full dramatic
value that it is accorded distinction
in art. In addition to the role
of John Ferguson, the rôle of the
affectionate character actor Frank Ke-
nedy, the rôle of the wandering
fate player half-witted when it
gives him best and possessed of the
soul of a poet Harry Meyster the
Clutter, John who aims with pur-
pose his stumbling talk to stir Han-
nah to anger and vengeance
and has one of the rich roles of the
stage and the additional rôle of
Cuthbert as the clever and loquacious
author of his weakness of char-
acter and a strange admixture of
cowardice, greed and ambition met the
field requirements of an exciting
part. Others entitled to more than
passing mention are Eileen Rob-
inson, possessor of a cameo-like pro-
file and an intelligent conception of
her calling, Tempe Pigott who was
the mother of John Ferguson's wife, and Clark
Marshall, the son who had to fight
a struggle with himself before he de-
cided the final blow to the father a
truth.

There is nothing pleasant about
the play but there is much that is
inspirational. There is genuine dra-
matic situation packed into every act
and there are actors capable of in-
terpreting them into art—A. S. F.

"Make Yours a Pollard Home"

GRASSING LOSES DIVORCE SUIT

The divorce complaint of William Grassing was denied yesterday by Superior Judge A. E. Price on the ground that insufficient evidence had been produced.

George Price, Oakland attorney, who was indicted by the federal grand jury charging that he had misappropriated a war risk insurance check for \$2,000 which had been sent Grassing was Grassing's attorney, while Attorney Fred Mollmann represented Mrs. Grassing.

According to the testimony introduced yesterday, the check upon which Price was indicted was given to the attorney by Grassing while the latter was at Palo Alto hospital suffering from injuries sustained while in the service. Grassing declared repeatedly at the trial that he had not appropriated his check and that his attorney was only taking care of his financial matters while he was sick.

Mrs. Bertha Grassing, whose testimony it is said, brought about Price's indictment by the grand jury, recently testified against her husband when insanity proceedings were brought against him. It was declared *ante* *dictum* that the check was not a *stink*. "And then I'm going to buy a lollipop for myself. My mother gave me a penny. If you want to come I'll give you some of the lollipop."

"I think I'd rather have some of

the bark fruit cake your mother is going to make," laughed Uncle Wiggily, knowing what a good cook Mrs. Flatland was.

"Oh you may have some cake, too," laughed Toodie. "Come on to the tree and I'll have some for you."

So Toodie slid along on the slippery vine and crawled through the woods and Uncle Wiggily stopped beside him, carrying the pail that was to hold the molasses. In his paw Toodie had the penny he was to spend for a lollipop.

All of a sudden, as Uncle Wiggily and the sun-covered beaver boy went along, a tree fell across the path.

"Oh, Uncle Wiggily! There's the bad Bob Cat that sat on ticks in the (Continued on page 2)

VOLIVA WARNING IS UPHELD BY ILLINOIS COURT

Invitation to Rival Church to
Leave Zion Not Threat,
Says Judge.

ZION, Ill., Feb. 14.—The signboard still stands in Zion.

It gives what it calls a "perfectly plain notice" that "persons coming in here to hold meetings need not expect any courtesy from Zion."

A verdict handed down by Judge Claude D. Edwards of the Circuit Court, Winnebago, dismisses a \$700,000 suit filed against Wilbur Glenn Voliva by Thomas H. Nelson, Robert Murdoch, Charles Warren, and P. B. Johnson. The suit grew out of the signboard which Voliva erected on property controlled by him opposite the Grace Missionary church, of which Nelson is pastor. Democrats were sustained by Judge Edwards, who contended that the bulletin board in question contained no specific reference to any of the parties who instigated the suit.

The wording of the big sign follows:

"A perfectly plain notice. This city was established by Zion people and for Zion people only. It is the exclusive headquarters of the Christian Catholic Apostolic Church in Zion, and the private church home of its officers and members."

"No gentleman, not to mention a Christian, would break into a church without an attempt to hold meetings, or to establish a counter-organization. Those who do are nothing more or less than religiousbums, tramps and vagabonds, with less honor than a gang of highway robbers and things. Get out of this community, if you have a drop of honest blood, and go and establish a settlement of your own."

"Persons coming in here to hold meetings at the invitation of traitors, porch climbers, election thieves, and tally-sheet mutinators need not expect any courtesy from Zion."

"An ecclesiastical goat-house, or garbage dump, has no right within this settlement. The war is on red hot and will be waged day and night until every traitor goes to his own place!"

**Japan Has But Two
More Ships for U. S.**

SHANGHAI, Feb. 15.—(Correspondence of The Associated Press)—Only two of the fleet of 34 steamers contracted for in the Far East by the United States Shipping Board now remain to be launched and will supervise this final work, which is being carried out at Shanghai the shipping board's Far Eastern headquarters have been transferred from Japan to Shanghai.

The shipping board's Far Eastern staff, which formerly numbered upwards of twenty men, now is composed of M. A. Perry, representative of the shipping board; M. E. Merriman, secretary of the Far East organization, and S. L. Ward, an inspector.

Thirty of the ships built in the Far East, with an aggregate tonnage of 240,000 were turned out from 12 different Japanese shipyards and the last of these was delivered last August.

The other four contracted for in Shanghai are the largest steamers ever built in China. The four are sister ships, each 10,500 tons and 300 feet in length. The first, the Mandarin was launched last June and the second, the Celestial was launched in August. It was planned to launch the third boat, the Oriental, into in January and the last, the Cathay, in April next. These boats are being built by the Kinnan Dock and Engineering Company of Shanghai.

**Postmaster Serves
U. S. for 53 Years**

RALEIGH, N. C., Feb. 15.—After two years of continuous service as Postmaster at South Creek, Beaufort county, North Carolina, without a mark against him, is the record of E. D. Springer. His record is exceeded by but one other postmaster in the United States, J. H. Knorr of Clarendon, Lehigh county, Pennsylvania, who was appointed November 14, 1885.

Postmaster Springer was born March 2, 1838, at Cape May, New Jersey, and was a seafaring man in his early life, serving in the United States Navy during the war between the states. He came to North Carolina in 1866 and was appointed Postmaster at South Creek under President Grant's administration in 1869.

Although four-score and three years, Captain Springer continues to handle personally the affairs of the office at South Creek.

**Millions Lost in
Hawaii Sugar Strike**

HONOLULU, T. H., Jan. 15.—(Correspondence of The Associated Press)—Just springing into action of workers on the sugar plantations of the Island of Oahu on which Honolulu is situated, cast employers and employees approximately \$17,000,000, according to official and semi-official estimates from both sides.

Leaders in sugar circles, who say their estimate of strike costs has just been completed, declare that the expense of the strike to the plantations was \$20,000 per ton on the entire crop or about \$12,000,000.

The Hawaii Laborers' Association, the Japanese organization which was the backbone of the strike, announced recently that the workers lost \$1,000,000 in wages and bonuses while administering the strike cost an additional \$1,000,000.

**N. Y. Clearing House
For Drug Vendors**

NEW YORK, Feb. 15.—Foreign narcotic drug vendors are making New York the clearing-house for opium and cocaine because of the high prices obtained in the United States, Dr. Carlton Simon, deputy police commissioner, announced after receiving a report from a special representative who has spent several weeks in Paris.

Cocaine, he said, is coming in large quantities through Germany and Holland, while opium is being shipped from Constantinople. Simon, he added, is evidently bringing the drugs here as representatives of the narcotic smugglers.

GIRL, 12, KILLED

PARIS, Feb. 15.—At little a little girl twelve years old committed suicide by hanging herself because she had been filled by her little boy lover.

Get out of this community, if you have a drop of honest blood, and go and establish a settlement of your own."

IDENTIFICATION OF SUICIDE IS MADE BY FINGERPRINTS

Army Authorities Say Man Who Killed Self By Leap Was Ex-Soldier.

Identification of the man who on February 2 at noon jumped from the roof of the Globe Hotel at Third and Broadway on to his life instinct was made to the police through the fingerprint records of the United States Army.

The man was Gustav Schenkel.

The day following the man's tragic death finger prints were taken by the police from the body in the morgue and sent to Washington. A letter came today to Capt. of the San Francisco Police Department, who identified the man as Gustav Schenkel, a member of the 10th Cavalry.

Schenkel was honorably discharged on June 4, 1918, with an excellent character record, the adjutant general's letter says. At that time he gave two addresses. One was merely General Delivery, One Francisco, and the other in care of a brother, Frank Schenkel, 310 Roosevelt Avenue, East Oakland.

A local investigation to determine where Schenkel lived with a view to learning his motives for suicide will be conducted by the police.

Interior House Wrecker 'Plays' Chinese Lottery

Industrial Exposition Urged By Many Business Men of the Valley

LOS ANGELES, Feb. 14.—Thomas Bullock did his best to discourage gambling in two Chinese establishments, one of which was recently raided by the police. Now the police are looking for him on a robbery charge. George Henry Chinese proprietor of the place figuring in the recent raid charge, Bullock, a gambler, was seized from him containing \$120.

In his ante mortem statement he stated that Bullock did the same to him but obtained less money though his job of interior wrecking was just as complete. Here he used a heavy wooden stool. Bullock is a laborer quite well known.

Woman Defaulter Surrenders Herself

SAN FRANCISCO, Feb. 14.—Mrs. Gail Hines, 19, repose in the city prison awaiting Cleveland officers to take her back. She walked into the police station detective bureau yesterday and announced herself defaulter to the amount of \$1100 when cashier in a Chinese restaurant in Cleveland.

Police said she told them that she and her husband planned to come to California and that, without his knowledge, she falsified her bank accounts to cover the theft and they left. She said she had spent all the money for their crops within a few months.

Man Admits Bigamy; Then He Takes His Own Life

Returning home after an unexplained absence of two weeks Charles Umbriet, 2644 Thirty-fifth Avenue, confessed to his wife last night that he was married to another woman whom he believed on it record had divorced him and begged him to continue his mate. Today he could not live with his wife, such circumstances as Umbriet left the house. Five minutes later Mrs. Umbriet heard a pistol shot and found her husband lying in a nearby lot with a bullet hole through his head.

According to Mrs. Umbriet who is still in grief over the sudden death of her husband left home on February 1 while she was attending church. Until that time he had apparently been happy with his wife, his sudden disappearance caused a strong sense of distrust to take hold of her.

The notes on the backs of the photographs read as follows:

"I TELL YOU TO WHY CHRIST died to live us all but I am going to take my life tonight to set you free."

"I will put you on a pedestal and you shall have dominion over all your household. If it time or did I not do this?"

"I am the best friend you ever had and you didn't know it. I loved you with my whole soul and I was turned down. But I will forgive it all for I still love you."

"This is going to be my last gift. I have done my last and final will. I am now going to try a new home. And if God will forgive me I hope to live on the other shore. I hope you believed my first wife had it all done when I married you. I left her present wife. Will you live with me until I can divorce her?"

Mrs. Umbriet told him she could not live with him unless his circumstances informed him of the

Club to Decide On Spring Show For San Jose

Industrial Exposition Urged By Many Business Men of the Valley

SAN JOSE, Feb. 14.—The question as to whether they will stage the Third Annual Industrial Exposition this spring will be settled at the next meeting of the San Jose One Hundred Per Cent club which promoted big shows here in 1919 and 1920 in the effort to bring new business to the Santa Clara Valley.

Speakers at the weekly meeting last evening took an optimistic view of the readjustment problem expressing the opinion that the crisis had been weathered and good times were at hand. They expressed the belief also that a big amusement program would draw as well this spring as it has in the past, pointing to the continued prosperity of the theaters.

Business men are continuing to advertise it was stated and growers expect to get the balance of the money for their crops within a few months.

New Governor For Lower California

Expert Rejuvenates Old Chorus Girls

BY DR. EDWARD J. BING, VENICE, Feb. 14.—New chorus girls for old may mean real refreshment to the use of the Roaring Ray for rejuvenation of woman, he indicated today in discussing his discovery with a representative of the United Press.

Holzknecht declared he had already succeeded through his treatment in bringing back the youth of an actress formerly a singer only of melancholy songs who now has become a soubrette as a result of administration of the ray.

Discovery of a method of rejuvenating women by means of the Roaring Ray was announced recently by the professor.

Holzknecht is a young man who was associated with Prof. Steinbach famous rejuvenator, but while the latter's process has proven effective for both sexes Holzknecht's methods have been applied more especially to women.

In the new use of the Roaring Ray cause improvement in both the mental and bodily functions of women Holzknecht said.

"Personally I do not believe that rejuvenation is quite the correct word to describe my process," he said. "But I can say that my patients show manifold improvement in their bodily condition."

Five hundred women were examined in Venice clinic and the growth in energy among them and the growth in health of the 50 years of age in social activities was noticeable. These women became fresher and livelier their skin was firmer and their mood better and actually they gave the impression of having been rejuvenated.

Holzknecht said that only one treatment was possible but that its effect was quite prolonged.

8 Million Favored For Coast Defense

WASHINGTON, Feb. 15.—A total of \$5,588,017 for fortifications and coast defenses is provided in an appropriation bill reported today by the House appropriations committee. The amount allowed is \$27,618,016 less than the estimate and \$10,775,425 less than the appropriations for the current year.

HARDLY HAD STRENGTH TO RAISE FOOD TO LIPS

Miss Thompson Got Wonderful Results From Taking Tanlac—Gains 10 Pounds and Feels Just Fine, She Says.

"At times before I got Tanlac I hardly had strength enough to lift my food to my lips, but now I've gained ten pounds in weight and am feeling fine," said Miss Ettie Thompson, 538 Argar street, Oakland, recently.

"About a year and a half ago I had an attack of influenza, and before I got over the worst effects of this trouble I either had another attack or a relapse. Anyhow this last spell left me in an awful condition. I was thin as a broom stick and was weak as a baby. My stomach was all out of order. I just

had to force myself to eat, and the least particle of food caused such cramping pains I could hardly endure it. My nerves were on edge all the time. I just could not get the sleep I needed, and mornings I felt worse than on going to bed."

"Well, my doctor was taking Tanlac, and as it helped him so much, I began taking it myself and it certainly had given wonderful results. Why, my stomach is in splendid condition. I have a fine appetite and everything I eat agrees with me perfectly. That nervousness and weak, tired feeling have left me now, and I sleep like a child every night and wake up feeling wonderfully well and strong. I'm certainly enthusiastic about Tanlac, and never lose an opportunity to praise it."

Tanlac is sold in San Francisco, Oakland and Berkeley by the Owl Drug Company Stores and Eberly's Quality Pharmacy, Alameda—Advertisement

NEWSPAPER TELLS HOW BOY WAS SAVED FROM LUNG TROUBLE

Read what the Altoona Times-Tribune says about the case of Paul McCartney. Reporter interviewed his parents and saw the boy.

The story shown below is a news article, not advertising.

Altoona (Pa.) Times-Tribune, March 26, 1920

HEALTH COMES TO LAD THROUGH ADVERTISING

Despairing Parents, As the Last Resort, Choose Remedy Heard of Through This Newspaper—Boy Is Now Well and Robust

It would hardly occur to you that a miracle could be worked through advertising—one that could be doing part of the cure. But strange as it may seem, it is just what has been accomplished in a specific instance right here in Altoona. We all have heard volumes about the value of advertising, but that the great result achieved by it should save life, almost passes our belief. However here are the facts of the case.

Paul McCartney, son of Mr. and Mrs. Sheldon McCartney, residing at 2022 Walnut avenue, this city, and who on October 18 last, celebrated the 14th anniversary of his birthday, took sick on Sept. 1916. His illness rapidly assumed the character of tuberculosis. The doctor advised him to go to the mountains as his might as well take so much land, according to the mother's statement!

Mrs. McCartney sent her letter to the company in the hope that other mothers could learn of this remedy, what it was for her son, and perhaps others could benefit by it.

The malady was diagnosed as tuberculosis at the physicians and it was suggested that the parents keep the boy at home, day and night, and let him eat on a milk and egg diet.

In compliance with the parents' wish, the emulsion was given him, and the sufferer reduced to a mere skeleton, day and night, his life ebbing

out.

This news article from the Altoona Times-Tribune is reproduced by the Milk Emulsion Co., Terre Haute, Ind.

Milk Emulsion is offered, on a liberal trial plan, to anyone suffering from stomach trouble, constipation, lack of flesh or appetite, stubborn coughs or the weakening effects of wasting diseases. Take 6 bottles home and use it as directed. If not satisfied with the results, your money will be promptly refunded. Price 75c and \$1.50 per bottle. Sold by druggists everywhere.

FOUR PLACES IN CABINET DECIDED UPON, IS REPORT

Hughes, Daugherty, Wallace and Fall Are Picked to Win By Politicians.

ST. AUGUSTINE, Fla., Feb. 15.—President-elect Harding's cabinet is still a mystery, though the eleventh-hour is almost here.

The best information today regarding the cabinet is as follows:

Definite selections—Charles E. Hughes, New York, for secretary of state; Harry M. Daugherty, Ohio, for attorney general; Robert B. Fall, New Mexico, for secretary of agriculture.

Will H. Davis is regarded as fairly certain to be postmaster general.

Charles G. Dawes positively will not be in the cabinet persons close to the president-elect said today.

Harding has invited ex-Governor Lowden of Illinois to become secretary of the navy, but Lowden is hold-

ing off.

FOUR ARE UNCERTAIN

Uncertainty surrounds the treasury, war commerce and labor portfolios.

Andrew W. Mellon, Pittsburgh, mentioned for secretary of the treasury, is expected in Florida within a day or two.

Will H. Hayes, the national chairman of the American Legion, was chosen with the president-elect until a later hour. Harry M. Daugherty will come to St. Augustine, Wednesday.

Later in the week Fred Upshur, the national treasurer, will come to make a report on the state of the Republican exchequer, which closed the campaign with a deficit of more than a million dollars and which has been a source of more loss, even than the election, to the party leaders.

LAUREN BURKE'S SELECTION

Harding is being deluged with advice and recommendation concerning the secretaryship of labor, for which there are several candidates.

James G. Davis of Pittsburgh, supreme dictator of the Loyal Order of Moose, who is mentioned as a prominent candidate for the post, will come to St. Augustine.

John J. Coughlin, president of the Longshoremen's union, will also be here this week.

Friends of James Duncan of Massachusetts and officers of the granite cutters' union, are insistently urging that he be appointed.

It is believed that he will be appointed.

Edgar S. M. Hurley, president of the Retail Butchers' Exchange of Alameda county last night, called to consider the Oriental question and its relation to the meat and market situation in the East Bay community.

That the Chinese were taking ad-

vantage of the situation to move toward the Japanese to secure leases on an entire business section in Oak-

land, that they are able to sell goods cheaper, because they pay low wages and work their Oriental help extra hours, and that they will continue to be successful so long as Ameri-

cans, who are exclusively, continue to patronize them, were other state-

ments of Hurley.

EFFECT MARVELOUS

The effect was marvelous. In an interview granted to a Times Tribune reporter last evening, pursuant to an inquiry from the Milk Emulsion Co. to whom Mrs. McCartney had sent a letter of appreciation, she said that in a week she had gained 10 pounds, and her boy was able to sit with her at the table. Fortunately Mrs. McCartney's father, A. T. Rice, residing at 2235 Pine Avenue, brought to his daughter a copy of the Altoona Times, containing an advertisement of Milk Emulsion "Nature's Remedy for Colds and Coughs." Mrs. McCartney read the advertisement and advised her to try it as a fast report.

Then in contrast, the mother called to her son who was engaged in strenuous play on the street, and in a lame, vibrant, with health and cheeks glowing with the sun. All this in spite of the fact that he had been ill for a month.

The story of his recovery is as follows:

He was diagnosed as a tubercular boy, and was advised by a physician to go to the mountains as his might as well take so much land,

according to the mother's statement!

Mrs. McCartney sent her letter to the company in the hope that other mothers could learn of this remedy, what it was for her son, and perhaps others could benefit by it.

MAN AT AVALON TALKS TO SHIP 4350 MILES OFF

Wireless Set Makes Possible Several Conversations At Same Time.

LOS ANGELES, Feb. 15.—Apparatus by which it is hoped to make it possible for two or more conversations to be held simultaneously over the same wireless set was given a trans continental test last night, and was announced today by officials of the American Telegraph and Telephone Company.

It was stated a wireless operator at Avalon, Catalina Island, 30 miles off Los Angeles harbor talked for an hour and 10 minutes with another operator aboard the steamer Gloucester, 60 miles east of Cape Cod.

Conversations were established by wireless from Avalon to the mainland, in tire across the country and by wireless again from Cape Cod to the Gloucester.

It was raining at Avalon and snowing off Cape Cod but the operators said they heard each other distinctly.

Telephone company officials said the test was the most important ever made on the Pacific coast.

Andrew W. Mellon, Pittsburgh, mentioned for secretary of the treasury, is expected in Florida within a day or two.

EFFECT MARVELOUS

The effect was marvelous. In an interview granted to a Times Tribune reporter last evening, pursuant to an inquiry from the Milk Emulsion Co. to whom Mrs. McCartney had sent a letter of appreciation, she said that in a week she had gained 10 pounds, and her boy was able to sit with her at the table. Fortunately Mrs. McCartney's father, A. T. Rice, residing at 2235 Pine Avenue, brought to his daughter a copy of the Altoona Times, containing an advertisement of Milk Emulsion "Nature's Remedy for Colds and Coughs." Mrs. McCartney read the advertisement and advised her to try it as a fast report.

Then in contrast, the mother called to her son who was engaged in strenuous play on the street, and in a lame, vibrant, with health and cheeks glowing with the sun. All this in spite of the fact that he had been ill for a month.

The story of his recovery is as follows:

He was diagnosed as a tubercular boy, and was advised by a physician to go to the mountains as his might as well take so much land,

according to the mother's statement!

Mrs. McCartney sent her letter to the company in the hope that other mothers could learn of this remedy, what it was for her son, and perhaps others could benefit by it.

The malady was diagnosed as tuberculosis at the physicians and it was suggested that the parents keep the boy at home, day and night, and let him eat on a milk and egg diet.

In compliance with the parents' wish, the emulsion was given him, and the sufferer reduced to a mere skeleton, day and night, his life ebbing

out.

This news article from the Altoona Times-Tribune is reproduced by the Milk Emulsion Co., Terre Haute, Ind.

Milk Emulsion is offered, on a liberal trial plan, to anyone suffering from stomach trouble, constipation, lack of flesh or appetite, stubborn coughs or the weakening effects of wasting diseases. Take 6 bottles home and use it as directed. If not satisfied with the results, your money will be promptly refunded. Price 75c and \$1.50 per bottle. Sold by druggists everywhere.

Federal Air Control Urged By Daniels

WASHINGTON, Feb. 15.—In a pie for Federal ownership of all

high power radio stations, Secretary Daniels in a letter to Chairman Page of the Senate Naval committee today declared that "if there is one thing in which there should be a monopoly, it is the monopoly of the air, and this monopoly should not be given over to private interests."

Daniels' letter was in answer to a request from Senator Page for an opinion on the resolution introduced by Senator Pollock, Republican, Washington, to regulate the operation and testing of development of radio communication.

"Amateur stations should be under government control," Daniels declared.

REDDING MINERS FIND BIG NUGGET VALUED AT \$5000

Piece Weighing 21 Pounds
Unearthed By "Pastime"
Prospectors.

REDDING, Feb 15.—Joseph Miller and John Stein found a \$5,000 gold nugget in the bed of Motion creek Sunday. Motion creek is a small stream flowing into the Sacramento river next above Placer, which was famous for gold in pioneer days. The stream made one mile up the creek from the railroad station of Motion, which is between Kegwick and Cotam.

Miller and Stein have been mining on Motion creek for three months, a good deal as a pastime. They were meeting with indifferent success until yesterday, when they were astonished to see a chunk of glittering gold strike out from under a boulder which they had shoveled gravel away to wash in their rocker. Prying away the boulder, they found a chunk of gold bigger than an ear of corn and not far from the general dimensions of a boulder's brick.

Weighed on a grocer's scale, the nugget tipped 21 pounds. It is estimated that there are two pounds of quartz intermingled with the gold. Nineteen pounds of gold, according to \$17 an ounce equals \$515.

Miller and Stein, after exhibiting their nugget to admiring throngs in Redding this morning, left at noon for San Francisco, where they will sell the specimen at the Mint, if they can.

Motion creek has been mined but little. Following the find of this nugget a rush of prospectors is expected.

**Harding Wants No
Taxation Exemption**

WASHINGTON, Feb. 15.—President-elect Harding has informed Representative Longworth of Ohio he did not believe he should be granted exemption from paying an income tax on his presidential salary. Harding wrote Representative Longworth in reply to a letter asking his opinion as to what action the House Ways and Means committee should take on a bill introduced to exempt the President from the income tax long before he takes office. The revenue law the tax amounts to \$1,000,000. President Wilson was exempted under a decision of the United States Supreme court.

**Japanese Restaurant
Wrecked By 2 Men**

SACRAMENTO, Feb. 15.—The Japanese restaurant of F. Sakimura at 211 I street, was completely wrecked by two men giving the names of John Costello and Tom Connally.

The lunch counter in the place was demolished, chairs and tables thrown out the windows and dishes hurled at the walls.

Costello and Connally were arrested, but failed to give any reason for wrecking the Japanese eating house, other than that the proprietor had insulted them.

**Non-Partisan League
Not to Abandon Plan**

MINNEAPOLIS, Feb. 15.—Denial of published reports that non-partisan league leaders in the North Dakota state officials had agreed to abandonment of the league program in that state was made today in a formal statement by Oliver S. Morris, publicity director of the National Non-Partisan League executive committee.

Morris referred to a story printed today by the Minneapolis Tribune from Elkhorn, that reports from Minnesota said the financial interests were prepared to help make up approximately \$2,000,000 in state bonds in order to straighten out the muddled situation of the state finances.

JAPAN WANTS REDRESS.

leading Japanese propaganda bureau in the

United States, The East and West New Bureau
in New York, offers three basic principles upon

which it asserts with smug confidence, the solution
of the Japanese problem in California must
be placed first:

at it should be in consonance with justice

international courtesy; it must redress Japan's

grievances and meet America's wishes."

It will therefore inevitably strike the great
majority of law-abiding Americans as strange
that in the Congress of the United States a Democ-
ratic Representative from Ohio and a Democ-
ratic Senator from South Carolina have started
impeachment proceedings against Judge Landis.

It is, it's out! Japan's grievances must be
redressed. The United States owes Japan some
on account of desiring to protect its terri-
tory and citizenship and must make redress. So
it will appear from the government supported
Japanese propagandists in this country.

at may be the grievances of Japan for which
it is compulsory? They have been stated
time to time with compromising vagueness,
with sufficient clarity to identify them as be-
ing at the right of the United States to
act and who shall not be considered quali-
fied American citizenship.

any foreigner have a sustainable grievance
in this heading? The American view is that
the Democratic party is not inclined to place a
great deal of importance on the personality of its
chairman. It may be inclined to the opinion that
the party would get along as well during the next
four years with one chairman as with another.
And certainly Mr. White did not demonstrate that
he was a speed burning manager, although he was
admittedly under heavy handicaps in the last
national campaign.

getically. In the second place, it must bring Great Britain toward understanding, if not sympathy, with the problems of the United States that are related to Japanese immigration and other Oriental vexations.

Unless Great Britain gives careful attention to the plainly visible tendencies in the Pacific area she is apt to note a distinct cleavage between the sentiment and aspirations of Australia and Canada on the one side and the home government on the other. It may be accepted as a fact that Great Britain would observe this with serious concern and that she would go very far to bring her foreign policies into agreement with the interests and desires of the dominion.

WHAT IS THE REASON?

United States Judge Kenesaw Mountain Landis of Chicago has for fifteen years been the most exhilarating influence on the American bench. He has come to be feared by more crooks, big and little, rich and miserable, than any other judge. He has been the country's biggest single deterrent to crime.

The reason for this is that he has made severe punishment for those deserving severely just as certain as conviction. At times he has shown that mercy by which Justice should occasionally be tempered. Corrupt officials, bootlegging financiers, white slavers, trailors, and all other criminals have, however, come to dread Landis in exact proportion as they love the air outside the prison.

It will therefore inevitably strike the great majority of law-abiding Americans as strange that in the Congress of the United States a Democratic Representative from Ohio and a Democratic Senator from South Carolina have started impeachment proceedings against Judge Landis.

SOME DEMOCRATIC SCHEMERS.

More than usual interest attaches to the meeting of the Democratic National Committee on March 1. This meeting is called upon the petition of forty-nine members of the committee, who describe the object as being the organization of the forces of progress "for continued constructive, patriotic action in the succeeding four years" and for victory in 1924. The petitioners remind National Chairman White, who managed the Cox campaign last fall, that the first progressive step must be his retirement from the chairmanship.

Probably the rank and file, such as is left, of the Democratic party is not inclined to place a great deal of importance on the personality of its chairman. It may be inclined to the opinion that the party would get along as well during the next four years with one chairman as with another. And certainly Mr. White did not demonstrate that he was a speed burning manager, although he was admittedly under heavy handicaps in the last national campaign.

There is, however, another matter which is uppermost in the minds of the insurgent petitioners. That is a scheme to reorganize the party behind the 1924 candidacy of Mr. William G. McAdoo, former Secretary of the Treasury and President Wilson's son-in-law. The call for the special meeting of the committee originated in Texas, Postmaster Burleson's bailiwick.

Visions of the bitter fight between Mr. McAdoo, Mr. Palmer and Mr. Cox in the Democratic National Convention in San Francisco last July are revived.

To outsiders the family quarrel of the Democratic leaders holds but little interest, but the prospect so early of an organized effort to make Mr. McAdoo the spiritual leader of Democracy indicates a rift in the counsels of that party which will require more than four years to heal. It is pretty certain that Mr. Cox will not relish the effort to ditch him so soon after his self-sacrificing leadership of a presidential contest that had been foredoomed by administration failures and party dissensions. Equally certain it is that Mr. Bryan will be opposed to any program to have the national committee name the next candidate four years in advance. He not only believes that the candidate should be named in the national convention of delegates, but that the electors should indicate by popular primaries their choice of candidates.

Then it is generally understood that Mr. McAdoo is pretty deeply involved with the absurd impractical Plumb plan for turning the railroads of the country over to the employees. This will not renew favorably upon a large section of the Democratic party, no more favorably than the idea of the nomination of the "crown prince" did last summer.

All things considered, it is a pretty tight logjam ahead. The country will be interested in observing whether the outcome means reorganization or further disorganization.

Fifty years ago P. T. Barnum, the famous showman, sent to San Francisco an order for two large sea lions which "will howl and prove an attraction." Barnum had observed that howling was an attraction. He made a large fortune through entering to those who love to hear howling. And there are thousands of persons in this country today who are profiting largely with no merit to commend them except their capacity to howl.

The yellow man looms large and portentous on the international horizon. Australians appear to be determined that the yellow races must be barred from Australian dominions, and what Indians say regarding the South Pacific may be said with equal emphasis by and for the side of the North American continent.

the premier of Australia indicated in a recent statement that Mr. Barnes has not overstated the regarding the disposition of the Antipodes. same thing will be true as to Canada before as soon as that country is confronted with conditions now recognized by Australia and

there is a situation that must inevitably react the Imperial British foreign policy. In the place it defines very definite limitations to possible scope of any Anglo-Japanese alliance. Australia and Canada have not yet seriously challenged the asserted prerogative of the government to empire to shape the policies and transact details of foreign affairs for the whole empire.

should the British government attempt a menacing to the determination of these liaisons to avoid the economic menace of the invasion, its policy will be challenged on

NOTES and COMMENT

This taking of chairs from the national capitol by officials who have warmed them during the regime is an execrable practice. The idea seems to be that this furniture will have historic value. Secretary Daniels is one of those to envision his official chair as being labelled and put on display in the far future as one of the seats of the mighty. Well, maybe that will be the verdict, but it would be difficult to gather dope for such a hot night now.

The French General Renault makes it out infinitely worse than it looks in warning of an attack by Germans and Russians, and when he says that four million American troops must be in readiness to come right over to press credence still further. This alarmist is a general of a superior war school. That may account for it.

Sure enough, it may be demonstrated that it is possible to fly to the South Pole, but what then? Why is anybody wanting to fly to the South Pole? Two explorers have been there, and proved it, rather more conclusively than any who claim to have journeyed to the North Pole, have sustained their claims but no great advantage has accrued either scientifically or commercially. In effect it is like the man who tumbles over Niagara Falls in a barrel.

Friends of President Wilson are now to prove that he did not promise, during the Paris conference, that he would have foreign debts to the United States canceled. It is not likely that he made such promise or assurance. And it is trusted that he did not leave it so that any foreign debtor country could infer that much.

Cable despatches are to the effect that knighthood has been conferred on Sir Harry Lauder. Sir Harry is represented to have been present in full Highland costume, but it doesn't say whether he leaned on that crooked cane.

The Senate of the United States, having increased the pay of its presiding officer, the Vice-President, from \$12,000 to \$15,000, has avoided favoritism by similarly increasing the pay of the Speaker of the House. The nation has come through a period that is expansive as to many things, not excepting salaries of high officials, and this is one of the logical and not objectionable results.

MOTHER INVOKES POLICE AID IN HUNT FOR GIRL

Young Married Woman of Sacramento Disappears After Quarrel

The strange disappearance of Mrs. Eva Josephine Prudenthal, 29-year-old matron and daughter of Mrs. Eva Welch of 733 Juanita street, San Leandro, who has been missing since last Wednesday, is being investigated by the police of the bay cities today following an appeal from her heartbroken mother.

The girl dropped a slight hint when she left a pathetic note on Mrs. Welch's dresser, indicating she might follow her daughter from her own home in Sacramento where she had had a quarrel with her husband, Mrs. Welch had been eating dinner with friends who left the San Leandro house about 9 o'clock. They had scarcely gone when she heard a light tapping at her door. Responding hurriedly, she could hear her guests walking away in one direction while another, who had been running upstairs, ran down a girl disappearing into the darkness. She was puzzled, but having no solution to the situation, retired. Thursday morning on the doorstep she found a box of photographs of her daughter and family heirlooms and a note which simply said:

"Go to Sacramento at once—Mrs. Welch communicated immediately with friends at 1048 Hyde street, San Francisco. She learned that her daughter had called up the Hyde street house and had been told that her mother was in San Leandro. Hoping for word from the young woman she waited until Saturday when she went to Sacramento. Mrs. Prudenthal lived at 1609 16th avenue, Sacramento, with her husband Louis, an employee of the Maryland Cafe, and her two children aged two and a half and three and a half years.

I saw Prudenthal said Mrs. Welch today. He said they had quarreled. He sleeps in the daytime and he had objected to her putting the children in a room instead of one of his. She thought it was too cold for them. My daughter became hysterical and my neighbors had to care for her. Finally Prudenthal gave her \$25 and told her she could go if she wanted to. She evidently came right to me.

Police and Navy People Seek Identity of Dead

Through the name of Prudenthal stamped on an undershirt of the type issued by the United States Army worn by the well dressed man whose body was found floating in the bay near the Southern Pacific hotel yesterday, the Oakland police are trying endeavoring to establish his identity and the cause of his death. Elements of his clothing and personal belongings were found.

Detectives are working on the theory that the man may have been stugged or robbed and then thrown into the water. A contusion and laceration on the back of the head with the pocket of his clothing empty and inside out with the exception of one small open face gold watch was found. This watch is the only article found.

Inspectors Lou Anew and Frank Neals have searched all of the police records of lost and missing persons for a year but without avail. The San Francisco police are examining their records, too, but have not been able to find any bearing on the disappearance of the man.

At 11 o'clock yesterday afternoon when she returned to their home in Lake City, the men called to her that he was not present but that he had been seen at the train station a number of the service members.

The gold watch was the only article found in the man's pocket. The outer clothing was of expensive make. The body had apparently been

in the water for more than two weeks.

John Gandy, 50, 601 Est. 10th street, is said to be the body and name of the man yesterday. According to Anew and Neals it is possible the man may have been thrown into the water at some other point and the body carried by the tide.

Indications are that the man was about 40 years old.

Divorce Denied On Desertion Charge

Superior Judge T. W. Williams, of Alameda, has denied a divorce to Mrs. Anna B. Blodgett, widow of a local business man, refusing to have her return to him in Oregon and elsewhere in the country.

The FONG WAN HERB CO., PORTALIS, give the following explanation of this phenomenon: When a Chinese constipated, he immediately consults a Herb Specialist and the cause is removed, but when an American feels the first thing he does is to take a PHYSIC. This may relieve him temporarily, but repeated doses of such drugs eventually paralyze the bowels. As the bowels then no longer move naturally, physic taking becomes a habit, the weakened bowels drag, and there is a heavy load on the rectum. If the poor victim be a man, the usually tell him that his trouble is piles; if a woman, the FONG WAN HERB CO.

Many times you have
passed some one on the street

carrying home a bag of ground
coffee. The wonderful aroma it
gave off made you hungry for a
cup of it too. That was the flavor,
the real life of the coffee, passing
into the atmosphere. Think of it—
paying a good price to get a qual-

what you pay for—flavor—simply
because it is not packed right.

Hills Bros. "Red Can" is vacuum packed
which insures you of coffee that is as fresh
and flavorful as when it left the roaster.

POWER EXTENSION OF COMMISSION ASKED BY CITY

Bakersfield Complains of
War, Gas and Grade
Crossing.

BAKERSFIELD, Feb. 14.—Bakersfield city officials have presented to the legislative committee investigating policies and procedure of the Railroad Commission a series of complaints regarding water, gas and grade crossing matters. To meet conditions they complained of, Mayor Jay A. Hinman and City Attorney Wesley P. Griswold recommended that the commission facilities be extended.

A. D. Schindler told the committee that intersection of the regulators board averted a flood in the Tulare Lake district last year and saved the farmers crops valued at \$1,000,000.

Hinman said the present plan of inspection of gas and electric meters by the public utilities themselves was useful to consumers and urged that this work be taken over on a state-wide scale by the Railroad Commission. L. S. Reidy, assistant chief engineer for the commission, agreed with the mayor's estimate that four additional inspectors could handle the work that the railroad company up to then had in seeking that justice is done to the consumers.

Griswold protested against abrogation by the commission of a contract the city made with the East Bakersfield Water Company whereby free hydrant service was granted in lieu of a charge for a franchise.

The Bakersfield officials held that the commission, in authorizing the changing of a grade crossing from Sacramento street to Union avenue here had ordered the city virtually to reconstruct the railroad tracks at the new crossing. Complainant H. D. Loveland assured them that the order contemplated only making the new crossing as good as the old.

Paul Althouse To Sing in Oakland

Paul Althouse, leading American tenor of the Metropolitan forces whose recital Sunday at the Columbia theater in San Francisco was a musical triumph, will appear this evening at the Oakland Auditorium Opera House. The program as announced contained four groups of songs by Althouse, a group of piano solos by Rudolph Gruen, accompanist and assisting artist. So far this season there has been a marked scarcity of tenors in the recitals of the auditorium, and local music lovers are interested in hearing this young, but highly successful, artist.

Legion to Assist Bergdoll Kidnappers

PARIS, Feb. 15.—The Paris post of the American Legion has decided to send a representative with 4000 francs to engage a German lawyer with the object of attaining the release of the 16-year-old American under arrest in connection with the attempt to kidnap Grever C. Bergdoll, convicted deserter.

The Legion representative will go first to Coblenz and consult with the American military authorities as to the best method of procedure.

Army Strength Is Placed At 181,000

WASHINGTON, Feb. 15.—Average strength of the army will be 181,000 during the fiscal year, Brigadier General L. C. Ladd, the chief of the War Department, has estimated in submitting a request to the Senate military committee for funds to cover such a force. The House bill provides only for 150,000 men. General Ladd said, but with the present strength of 230,000 and recruiting stopped, the force would not be reduced by expansion of enlisted men below the average he submitted.

**Letter Sent to Oakland Man
Tells of Suffering in Russia**

MIKAIL FILIPPOR. Russian boy now in Oakland, who yesterday received a letter from his parents in Chita, Siberia, his home, telling of the sacking of the city by Bolsheviks last October. Below is a 500-ruble note of Bolsheviks enclosed in the letter. The missive tells of the terrible conditions in Russia under Bolshevik control.

**Family in Siberia Writes of Famine Left in Wake of
Bolshevism**

Description of the plight of persons in Siberian cities is graphically told in a letter received in Oakland today by Mikail Filippov, 21 years old, who has been in Oakland month and is living at 1020 Broadway.

Filippov received the message written at Chita, his home city, last October, just after a raid by the Bolsheviks upon his home.

It declared that the town had been sacked and that his parents then were without meat and bread and clothing.

"I don't know what has happened to them since then or whether they are still alive," he said.

FAMILY WAS WEALTHY.

The letter which was written him in Siberia has been translated him generally. Filippov's family was formerly considered wealthy under the old regime. His father, now 58, was a contractor.

The family wrote:

"In the second day of the Paski, (October 23), the Bolsheviks came to take our city of Chita. They ran through the town shooting through the streets and broke into houses.

They declared that the town had been sacked and that his parents then were without meat and bread and clothing.

"We have our own cow and milk

NO GOLD MONEY. We had no gold or silver money here. For every silver ruble now we could get 20,000 of the Bolsheviks' paper money.

For one five-ruble gold piece we could get 150,000 and sometimes even 250,000 and 300,000. One Japanese Yen is worth 30,000 of the Bolsheviks' paper rubles.

The Bolshevik paper money was printed so that the Bolsheviks could force exchange it for silver and all the silver and gold and leave us only the paper money.

"A Russian card of wood (seven feet long and seven feet high) now costs 20,000 paper rubles. A pomegranate (four times the Russian card) costs 30,000 rubles or more. People cannot afford wood here any more and many people have been frozen out of their houses.

PIECES ARE TERRIBLE. The pieces are terrible. Pure black flour costs 20,000 paper rubles for forty pounds. Rye flour costs 25,000 paper rubles for forty pounds.

"Other grades in the milling are worth 40,000 and up to 80,000 paper rubles for forty pounds of white flour.

**COMMUNIST PLOT
IS DISCOVERED BY
POLICE OF FRANCE**

Plans Included Revolts in
France, Spain and Italy.
Russ Involved.

PARIS, Feb. 15.—(By the Associated Press)—The overthrow of the "bourgeois" governments of Spain, Italy and France is outlined in documents seized, following the discovery of a widespread communist plot. The date fixed was May 1.

The contemplated arrest of two communist members of the Chamber of Deputies, alleged proof against whom has been delivered to M. Marraud, minister of the interior, seems to have brought the French to a realization of the importance of the plot.

Discoveries made by the police of Barcelona and Milan show that the plot included the three countries. Transmission of funds was effected through an American financial organization with European headquarters in Paris and branches in Berlin and Vienna.

Soviets have been organized in France with Brest as headquarters according to the police, ready to take over railroads and all other industries. The plot appears to have been organized with the knowledge of Cachin, leader of the French communist party.

Discovery of plots emanating from Berlin and paid through an American transportation company appears to have caused revolution of feeling in French political and official circles and also among the workingmen's committee which, so long as the leaders professed to be working for "principles," were willing to support them.

**Archbishop Mundelein
May Become Cardinal**

LEADER CONTRIBUTED TO TRIBUNE.

ROME, Feb. 15.—Despite previous reports in Vatican circles that the Most Rev. Dennis C. Dougherty, archbishop of Philadelphia, will be the only American created a cardinal at the secret consistory next month, it was authoritatively stated today that Archbishop George William Mundelein of Chicago is now included in the list of new cardinal possibilities.

SUGAR OUTPUT IN 1920 BREAKS ALL PREVIOUS RECORDS

15 Per Cent Increase Over Highest Figures Before Reported By U. S.

WASHINGTON, Feb. 15.—American sugar production in 1920 broke all previous records, preliminary announcement today by the Bureau of Census. Estimates placed the aggregate production of beet and cane sugar for the year at 2,605,174,000 pounds, a 15 per cent increase over the previous record output in 1919, and 53 per cent more than was produced in 1918.

Beet sugar at 2,219,000,000 pounds showed a 27 per cent increase over the previous record production in 1919.

The United States is said to produce about one-fourth of the sugar it consumes. The total consumption for various periods was as follows:

1914, 955 pounds; 1915, 875 pounds;

1916, 736 pounds; 1917, 835 pounds;

1918, 737 pounds; 1919, 424 pounds; 1920, 92 pounds.

The announcement notes that the 1918 consumption was about 100,000,000 pounds, despite the popular impression of a sugar shortage, and that the 1920 figure showed an increase of a billion pounds in total consumption over the previous year.

Banks Put String On Big Loan Offer

MINNEAPOLIS, Minn., Feb. 15.—North Dakota State officials, seeking to float \$5,000,000 in state bonds, have been assured by Minneapolis and Chicago bankers that the issues will be absorbed if the Bank of North Dakota and the State-owned industries continue.

Bankers and the North Dakota officials, who were in conference here, were reticent in reference to the bankers' proposal, but from an apparently authentic source it was learned that virtual disruption of North Dakota's "industrial program" was the basis of the bankers' terms.

CHICAGO, Feb. 15.—The Joseph Steel Agency here, purchasers for Standard Oil, today announced further price reductions on the best grades of crude oil, ranging from 10 to 50 cents. Kentucky is cut to 52¢; Somerton, 49¢; Somerton light, 42.25¢; these three grades being cut 25 cents. England is cut 10 cents to \$1.15.

SUGAR AND COPPER. NEW YORK, Feb. 15.—Sugar un-sweetened, 6¢; refined unsweetened, 7.75¢; Coffee—No. 7, 8¢; No. 8 @ 6¢; No. 9, 9¢; No. 10 @ 10¢.

DOUBLE ELECTION
TO MARK BANQUET
OF HEALTH FOLK

County Central and Tuberculosis Society to Hold Joint Session at Hotel Oakland

A double election will feature the annual dinner of the board of governors of the Alameda County Public Health Center and the Alameda County Tuberculosis Society on Thursday night at the Hotel Oakland. The joint meeting will be looked upon as marking a definite step in the progress of the development of public health in the community. Scores of representative men and women have made it a point for the dinner.

Dr. J. C. Geiger of the public health service and Mrs. C. S. Dutton of the United Church of San Francisco will be the principal speakers. Both men have done important work along health lines and are recognized authorities upon the topics to be discussed.

The guests of honor will be Dr. William D. Musgrave, director of hospitals of the University of California; Dr. Guy B. Muhlbach, of the dental school of the University of California; the members of the board of supervisors of Alameda county; Dr. J. H. Cape of Pleasanton; Dr. William H. Lester of San Francisco; Dr. Kirby Smith of Oakland and others.

In the receiving line will be Dr. and Mrs. Edward Von Adelung, Dr. and Mrs. Alvin Powers, Dr. and Mrs. Allen Gleason, Dr. and Mrs. Daniel Cross, Dr. and Mrs. J. G. Broderick, Dr. and Mrs. Mrs. Chisholm Bush, Mr. and Mrs. Fred Kahn, Miss Annie Florence Brown, Mr. and Mrs. F. Turner, Mrs. Minnie McGehee, Dr. Edwin Bailey, Mr. and Mrs. Fred M. Hunter, Mrs. F. W. Scarby, June and Mrs. Charles C. Smith, Mr. Susan F. Fenton, Mr. and Mrs. Rosece Jones, Dr. and Mrs. W. H. Street.

Dr. and Mrs. F. E. Dwei, Dr. and Mrs. Albert H. Rose, Dr. Jennings Nusbaumer and Dr. and Mrs. Dudley Smith.

Three Wives Claim
Husbands Are Cruel

Elizabeth Young has just fled out of marriage with Clarence F. Young, a shipyard foreman, charging him with cruelty, with getting intoxicated and with calling her names. She asks the custody of 13-year-old Clarence and 16-year-old Helen Young.

Mrs. Hattie L. Hancock charges that C. P. Hancock, her husband, is driving her to her death with a knife and knocked her down with his fist. Her affidavit for divorce was filed February 6, 1921.

Ship Line to Unite
Oakland, Petaluma

A new jobbing trade for Oakland will be opened and direct connection established with the jobbing offices and the trade center of the north coast counties when steamship service between Oakland and Petaluma is started on Thursday.

The service it is announced will consist at the start of two round trips a week. Sailings will be from the municipal wharf at the foot of Clay Street, and return to the two cities, with return shipments on Friday and Thursday. Establishment of the transbay and river line has been urged for years by W. J. Layman and others in the Chamber of Commerce and Merchants Exchange.

Health Talker
DR. J. C. GEIGER, U. S. public health service, who will be a speaker at the joint dinner of the Public Health Center and Tuberculosis Society on Thursday night.

BOARD DECIDES ON
NAMES FOR TWO
NEW HIGH SCHOOLS

\$200 Appropriated To Improve Plumbing System in Elmhurst Building

The Board of Education last night appropriated \$200 to improve the sanitary system in the Elmhurst school. The appropriation was voted at the Directors' meeting, and the Board of Education voted to warn the board that it will not feel what it is doing is good. Young, if the school is given extra for lack of funds, it will be a lesson.

I also wish to call your attention to the fact we have received the second and third in notices on this subject. I am sure the Board of Education should be advised of the same.

They should be given a chance to do this.

Business Manager Lloyd Buzza recommended that the city of Oakland should be given the open ditch which runs by the school on Ninety-eighth Avenue. This was referred to the street department.

The board also adopted the names of Theodore, Elmhurst, with high school, successor to the junior high school, Woodward junior high school and Franklin school. The two first choices will be the formal name for the big East Oakland high school and the third choice, Me. he may junior high school.

Washington's Birthday was observed in a school holiday.

It is resolved that the city council be requested to place a new sign at the Alexander Hamilton in memory of the thirty-fifth birthday of our city.

Auditor John W. Tappan submitted a summary of receipts and expenditures for the school construction department showing just where the money stand. It is shown that the \$4,315,000 authorized by the people in bonds for school construction only \$1,064,000 has been disposed of, mainly owing to the sidewall in front of 12 Eighth Street Sunday afternoon there was no trace of a needle.

Police who have been investigating the case at the request of George R. McCormick, the girl's father, told him also placed little faith in the police's story.

After she was found Sunday afternoon after she had been missing since Saturday night, the girl told her father that she with Raymond Maxwell, 2268 East Fourteenth street had taken a ride in his automobile along with Maxwell's mother, Mrs. Marguerite Maxwell, in the late afternoon.

Albert Rollins, lawyer for Maxwell, said that they had stopped at a Chinese restaurant where Maxwell went to sleep while dining. Marguerite became frightened and ran from the cafe she said and was pursued by a Chinaman who grabbed her in the hall of justice, graft exposed, was arrested a petition for re-hearing by the Supreme Court late yesterday.

It was McCormick's testimony to the Harrelson grand jury that caused the indictment of Peter McDonough, ball broker and Judge John J. Stillman and Raymond Maxwell against whom special efforts were being made.

Edwin, her son, was arrested April 29, 1920 before the State Supreme Court.

He was held on a \$1,000 bond.
